

To demob a resource from an incident

- 1 On the **Incident** menu, click **Incident Resources**, or click **IR**
- 2 Click the **Most Recent Incidents** drop-down arrow, and then click the **Incident** of your choice.
- 3 Click **Show / Update Incident context of the current screen**.
- 4 Under **Set Catalog Filter**, click the **Catalog** drop-down arrow, click the **Catalog** of your choice, and then click **Show**.
- 5 Under **Incident Resources [At Incident]**, click the **Resource Requested** of your choice.

- 6 On the **Incident Resources** screen, click **Action** and then click **Release**.
- 7 On the **Release Resource(s)** dialog box, complete the **travel information** as appropriate, and then click **OK**.
- 8 On the **ROSS Confirmation Message** dialog box, click **Yes** to confirm or click **No** to cancel.
- 9 On the **Request Action Message** dialog box, click **OK**.

For Prepositioned resources, click the Release Option of your choice. For more information please refer to the Quick Reference Card, "Setting Resource Travel from the Pending Request screen."
